

Parent Agreement Form

We are so excited that you chose IO:IO Academy for your student academic needs. We at IO:IO are committed to giving our best to your students and our goal is to instill in them a desire to investigate, and learn.

A co-op works best when we have everyone participating and giving back to their student's education. If you are enrolling your student for any of our classes, we ask each parent to commit to one of the following jobs. This helps us keep our cost down and enriches the experience of each student.

Please look over the list and fill out the bottom half of this form.
